## 1 PROBLEM ONE

### 1.1 MATT SMITH: A GREAT DOCTOR, OR THE GREATEST DOCTOR? BONUS: WHAT ABOUT JODIE?

Surprisingly, I'm not much of a Doctor Who fan. However, one of my good friends is way into Doctor Who, so I somewhat vicariously know about the series from all the talks we've had. From the bits and pieces I've actually seen, Matt Smith was pretty great, as is Jodie. But the best Doctor is the 8th, the one that shows up in a movie, I think a novel or two, and literally nothing else. You can't screw up a character they give nothing to.
